# PRODUKTSICHERHEITSDATENLATT

**PRODUCT SAFETY DATA SHEET** 

## Gemäss 91/155/EWG

01. Material / Preparation and Company Name					
Trade Name					
Polishers					
Manufacturer / Supplier					
EDENTA AG					
Hauptstrasse 7					
CH-9434 Au / SG – Switzerland					
<u>Telephone</u> : <b>+41 / 71' 747' 25' 25</b> <u>Fax</u> : +41 / 71' 747' 25' 50					
02. <u>Composition / Information on Components</u>					
Caoutchuc or silicone, abrasives and food colour on stainless steel, material number = 1.4305.					
03. <u>Possible Danger</u>					
Possible danger to human being and environment:					
None – provided appropriate storage and handling.					
Water Danger Class: 0 – no danger to water. (Self-evaluation)					
04. First-Aid-Measures					
No need for special measure	s to be taken.				
05. Measures for fire extinction					
Surrounding fire can be extinguished by appropriate means.					
06. Measures in case of unintentional exposure					
Cleaning / pick-up: Mechanic	al pick-up.				
07. Handling and Storage					
Protection against Fire and E	xplosion: no special measures required.				
Storage:	in dry conditions.				
	avoid temperature extremes.				
	protect instruments in general against chemicals, acids, heat and extreme temperature variations.				
	when observing these conditions the product has unlimited shelf life.				
08. Exposure stop and personal safety equipment					
General Safety and					
Hygiene Measures:	Do not use bent instruments.	se bent instruments.			
	Observe speed recommendations.				
	Observe contact pressure as recommended.				
	Instruments have to be properly inserted into chuck of turbine.				
	Observe safety and user information.

## 09. Physical and chemical Properties

Condition:	elastic
Color:	inked per polisher type or quality differently
Odor:	without
Change of condition:	Melting point not applicable
	Boiling point not applicable
Flash point:	250° C
Density:	not applicable
ph – Value (°C):	not applicable
Viscosity (°C):	no applicable
Water-soluble:	insoluble

## 10. Stability and Reactivity

Dangerous reactions: none – provided appropriate storage and handling.

## 11. Information on Toxicology

Chemically inert material. Non toxic.

#### 12. Information on Ecology

Damaging effects are unknown.

Debris as result of grinding can be mechanically separated in waste water installation (sewerage).

#### 13. Information about disposal

Can be removed together with common trash in line with public regulations or scrapped. Waste code number: 35 101

## 14. Transport Information

No special requirements with respect to transport regulations.

## 15. Regulations

The product is not subject to special marking according to CE-regulations.

National regulations:

Water Danger Class: 0 / no danger to water. (Self-evaluation)

## 16. Others

The above mentioned is based on our latest knowledge and describe the product as for safety aspects without assuring technical properties and features. Existing laws and regulations must be observed by the user under its own responsibility.
